WHY "Conservatives" Can Never Win:

The U.S. News and World Report for June 7, 1965 contains a statistical analysis of the catastrophic national elections for President of 1964.

These figures show more clearly than any amount of arguing or wishful thinking that it is no longer mathematically possible for any sort of "conservative" national candidate to win on any sort of traditional conservative platform.

In fact, the figures show that a "conservative" not only MUST lose, but that the trend of our population is daily moving toward a situation such that only a madman will be able to pretend there is any possibility of national political victory for any sort of "conservative" program.

I will attempt to explain this further on, but for now, let me present the cold figures.

First, let me give the percentages of votes won by Johnson and Goldwater in the upper echelons of our population. Among professional men, managers, etc., Johnson got 58% of the vote to 42% for Goldwater. Among college educated persons, Johnson got 54%, Goldwater 46%. Among those with income of $ 10,000 or above, 56% voted for Johnson, against 44% for Goldwater. In the smaller cities and towns, Johnson got 63%; Goldwater 37%.

Observe that the difference between the two candidates in the higher levels and rural areas averages out to about 15% of the vote. This would not be an insurmountable difference and might easily be changed by more effective campaigning than was done by Goldwater.

But now let's look at the opposite to the above categories.

Among unskilled labor, Johnson got 84% of the vote to 16% for Goldwater. Those with no higher than a grade-school education gave Johnson 80% to 20% for Goldwater. Those with incomes below $10,000 gave 70.7% of their vote to Johnson, and only 29.3% to Goldwater. The big cities and urban areas gave Johnson 72% to 28% for Goldwater.

The spread between Johnson and Goldwater among the lower economic classes and the urban voters averages out to more than 54%!

But even that shocking figure does not tell the whole story of why it is madness to keep trying to win political power on a "conservative" program.

Now let's take a look at the relative sizes of the two groups we have compared above.

The World Almanac for 1965 shows that the first group we compared, the professional and managerial workers, who voted for Johnson only 58 to 42%, compose only 21.8% of the population, while the rest of the labor force, semi-skilled and un-skilled, account for 78.2% of the population.

Where the smaller cities and towns which went to Johnson only 63% to 37% for Goldwater are shown in the World Almanac as having a total population of 54,054,425, the urban areas which went for Johnson 72% to 28% for Goldwater show a total population of 125,268,750.

And while college graduates went for Johnson by only 54% to 46% for Goldwater, the total number of such college people is listed in the World Almanac as only 4,528,516; while the grade-school population which went for Johnson 80% to 20% for Goldwater is listed as 40,217,215 (these figures are the current enrollment in colleges and grade-schools). To the number enrolled in grade-schools must be added many more millions who are totally illiterate or have only a few years in school.

Putting all of this together, we find that the upper echelon and rural sectors of our population which might possibly be won by a national conservative candidate comprise only a relatively tiny per-

centage of the population of the United States (approximately 20%). However, even this most favorable section of the U. S. population is split on economic issues and was won by Johnson, even though the average margin of his victory was only 15% in this sector of the population.

On the other hand, the vast masses of Americans who live in urban areas, have only a grade-school education, are only semi-skilled or un-skilled labor, and earn less than $10,000 per year comprise more than 80% of the population.

And in this enormous mass, Johnson won an average of 80% of the vote.

The key fact is that the vote of the most illiterate nigger bum counts just as much as the vote of H. L. Hunt, Robert Welch or Werner Von Braun.

It took me almost two days of hard work to get all those figures from various sources, and figure out averages. And then, when I re-read the summary, I find it hard to understand all those statistics.

So, for those not of a mathematical turn of mind, let me boil it all down to a very, very simple statement.

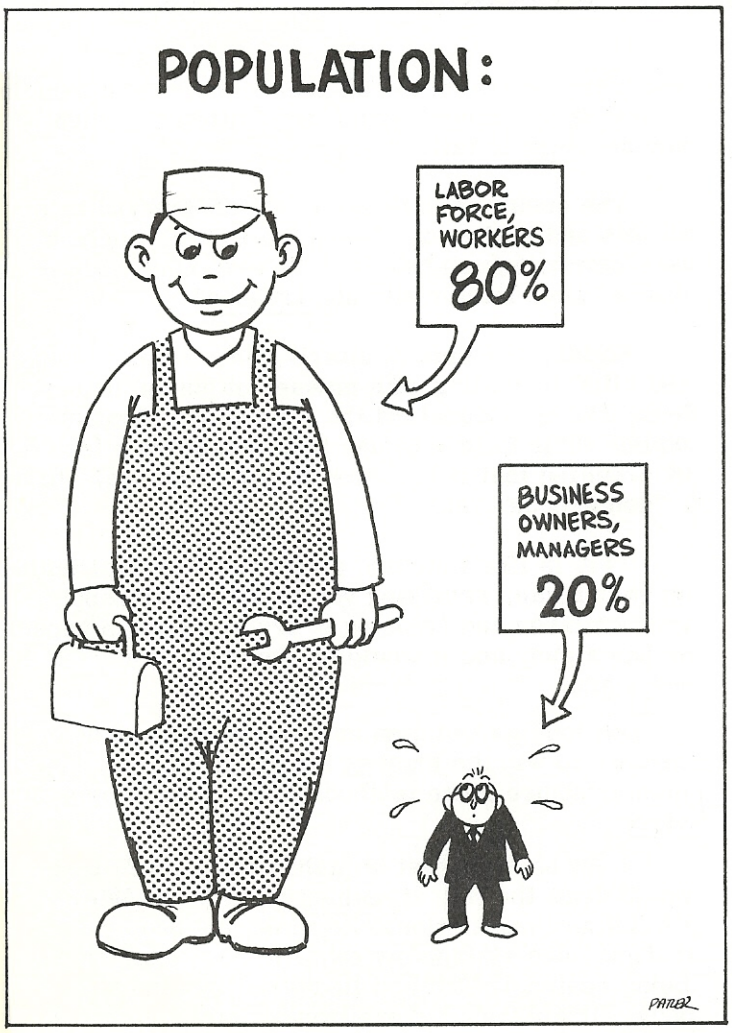
The ONLY place "conservatives" have any chance at all for a large vote is among those in management positions, upper income levels and those with higher educations--in short, the trained THINKERS.

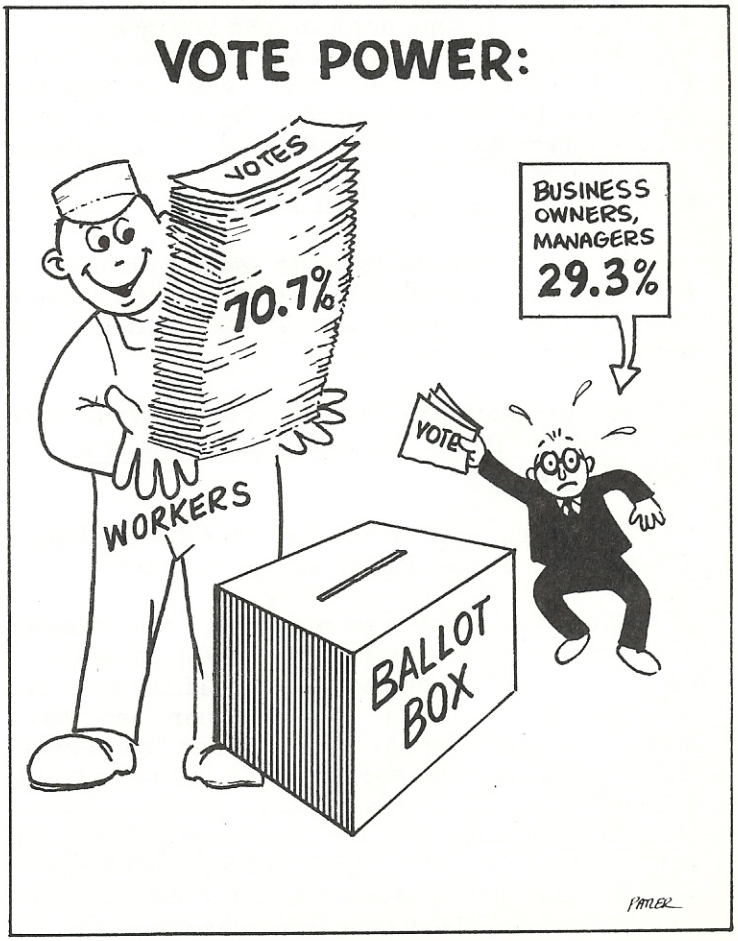
Among those with grade school educations, blue-collar or laboring jobs, and incomes below $10,000 per year, "conservatism" sells about as well as snowballs at the North Pole.

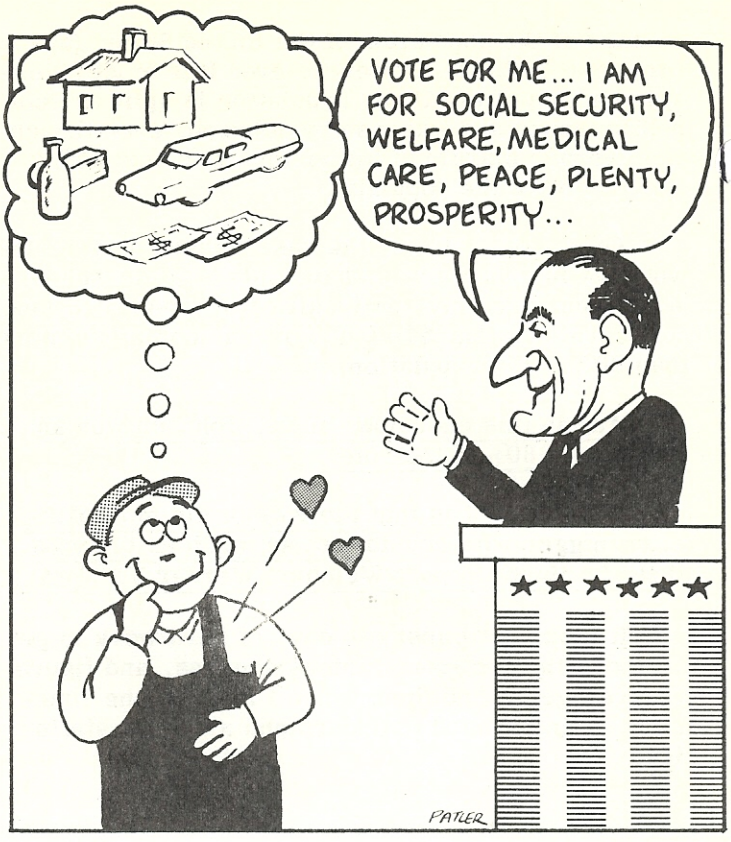
In short, THE MASSES want "security", "safety", "peace", and a "WARM" candidate who seems "human" and "lovable". Roosevelt, Truman, Ike, Jake and now Johnson have all been successful in peddling just the right combination of these things to win.

No matter how we may deplore it, that is a fact--just as it is a fact that Whites don't like niggers, no matter what they say and pretend.

Without the masses, we can never, never win power--at least not legally. (And I, personally, believe it is utterly impossible to win power ILlegally.)







And without power, it is a complete and disgusting waste of time to sit around groaning about "constitutionalism", "Christianity", "States' Rights", etc., etc.--interminably. That's what we have been doing, and I would think any intelligent person would long ago have had all he could stand of the endless "Oh-my-God!" reports, the "What-We-Must-Do" pamphlets and the "Let's-all-get-together" societies.

I am not prepared to waste another moment in failure or impotent groaning. Only if every move is calculated to win power, legally, am I willing to suffer and sacrifice anymore.

And the statistics show, with devastating clarity, that it is IMPOSSIBLE to win nationally as a "CONSERVATIVE".

How, then, can we win for Constitutionalism, Christianity, States' Rights and all the rest?

The answer is that we must find a way to reach the hearts of the millions who voted for Johnson, Roosevelt, Ike, Harry and Jake. Goldfink sure as hell didn't do it with his "soak-the-poor" and "off-to-war" image. Neither can any other "conservative"--because a "conservative" is basically trying to peddle ice-cold drinks to "brace you up", when the potential customers are all shivering in the cold rain. They want to feel warm and safe and secure, and it doesn't help to wail that such a wish is wicked and wrong, etc. That's the way folks are. And if you insist on trying to sell ice-cold drinks to people shivering in a freezing rain on a bitter cold night, you are sure to fail.

The enemy is brilliant in his understanding of all this and in the calculating manner in which he uses psychology on behalf of race-mixing, subversion, degeneracy, immorality and treason!

So far, our side is utterly, unbelievably stupid and blind in dealing with masses of human beings. Some who do understand the psychology of masses explain their failure to use that knowledge effectively by claiming that it is "wicked" or "immoral" to be a "demagogue", etc.

This is like watching a robber and rapist tearing up your home, ravishing your wife and kidnapping your children and refusing to try to stop him because he has a gun, and it would be "wicked" for YOU to use a gun.

As long as bad men use psychology and demagoguery to win the masses for evil purposes, good men must use these methods to help our people survive!

I am not the least bit ashamed to admit that I would draw the line at nothing to save our White, Christian Constitutional Republic and people--and that includes risking my own life countless times, being beaten, jailed and lied about by almost everybody. I can see no great moral victory in seeing

our people, our women, our dear, little White children and our young girls rounded up for Chinese Communist slave-labor camps or brothels, or turned over to billions of howling African savages--all because our side is too "nice" to use clever psychology to win the masses.

But we don't have to do anything really "vile" to win.

We have only to quit the sterile effort to win by trying to drive cold, hard, unsympathetic facts into the minds of the masses. It won't WORK. I'll venture that even some of our subscribers had rough going with the first, statistical section of this piece. (So did I.)

We have only to do as Christ did every time HE spoke to the masses--put the truth into a form suited to the people. You don't do that with long dissertations, rationalizations, statistics, facts, and unvarnished truths.

You do it, as Christ did it, with PARABLE, analogy, slogans, diagrams, demonstrations--things which reach the hearts of men and then filter into their minds.

When we can finally make the rightwing leadership understand that, then we can stop the madness of "conservatism" and get busy on the ONE issue which DOES reach the hearts of millions, as Wallace proved: RACE!

Point out to a man that if he elects Candidate A he will have a nigger neighbor and his kids won't be safe and his property-value will crash--and you will hit him in the HEART.

Tell him the national debt is too high, that the Constitution is being violated and that our economy is in bad shape--and he will hardly hear you.

Tell him you are going to go after the nigger criminals rampaging in the streets, attacking his wife, and you have touched him where he LIVES.

Tell him that we must be ready to start up a war to preserve the "Monroe Doctrine" and he will call you a "war monger" and be scared to death of you.

But tell him you are for peace--and THEN go out and start the war which needs to be fought (as foxy Johnson DID)--and you will have him following you around like a dog.

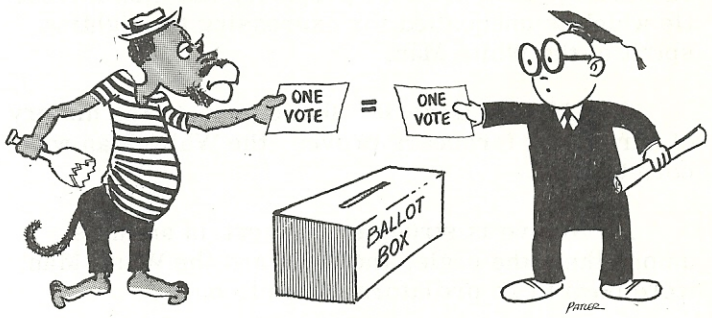
Tell him you are down on unions, high wages and social security, and that you want taxes on rich people cut down, and he will actively despise you, as "anti-people".

But tell him you are "for the little guy" and "down with the big interests", and he'll vote for you till kingdom come, no matter how many mansions you own, TV stations you own or how you turn him over to labor gangsters and outright crooks posing as leaders.

The other side has been doing this kind of thing on behalf of evil for years and winning the masses, thus winning power, and thereby changing America into a nightmare of treason and degeneracy.

Our side has been too damned snotty and uppity to take stock of itself, and is still peddling the bitter and icy "pill" of "conservatism" to people who have rejected it for fifty years, by bigger margins each time.

Now the same blind leaders are getting ready to do it bigger and better than ever in 1968!



And my bet is that the same blind "angels" will pour out their millions for one more round of "conservative" suicide.

Lord give us the strength to be ready to save them--and the Nation--when they are finally whipped and exhausted.

Let us "Nazis" be READY!

Guess Who?

In a debate in the Senate over the Civil Rights Bill, one Senator spoke as follows:

"To my way of thinking, it is this simple: If the Federal Government can by law tell me whom I shall employ, it can likewise tell my prospective employees for whom they must work. If the law can compel me to employ a Negro, it can compel that Negro to work for me. Such a law would necessitate

a system of Federal police officers such as we have never before seen. I am convinced it would do everything but what it's sponsors intend! The Civil Rights Bill pending before the U. S. Congress would destroy the American free enterprise system and enslave all Americans by wiping out freedom and liberty as we know it in America today."

That speech was made on March 9, 1948 by Lyndon B. Johnson, Senator from Texas.

When Johnson has won such fabulous "success" with such unparalleled demagoguery, is it any wonder that Virginia politicians and politicians everywhere are scrambling to be "nigger lovers"?

Peace By The Pound

I must confess that some of Ezra Pound's stuff is too esoteric and "odd-ball" for me.

But he wrote a poem "Sestina Altaforte" about Richard the Lion-Hearted preparing his men for battle which is unequalled for expressing the fighting spirit of the White Man.

As "African Genesis" shows, and as the history of our Viking forebears proves, the White Man was born to fight.

All Nature is struggle, but certain animals, among them the eagle, the tiger and the White Man, were born to be predators--born to battle.

Choking to death as he now is with peace-creepism and an overdose of "civilization", the White Man has forgotten that his mastery over Nature and most of the world is the product, not of weeping and Jewish wailing, but of ruthless battle and conquering leaders.

Remembering this, it is refreshing and inspiring to read Ezra Pound's poem in which Richard the Lion-Hearted calls for his court jester and musician, Papiols, to make ready the music for the battle.

Damn it all! This, our South stinks peace.
You whoreson dog, Papiols, come! Let's to music!
I have no life save when the swords clash.
But ah! When I see the standards gold, vair, purple, opposing
And the broad fields beneath them turn crimson,
Then howl I my heart nigh mad with rejoicing.

In hot summer have I great rejoicing
When the tempests kill the earth's foul peace,
And the lightnings from black heaven flash crimson,
And the fierce thunders roar me their music
And the winds shriek through the clouds mad, opposing,
And all through the riven skies God's swords clash.
Hell grant soon we hear again the swords clash!
And the shrill neighs of destriers in battle rejoicing,
Spiked breast to spiked breast opposing!
Better one hour's stour than a year's peace
With fat boards, bawds, wine and frail music!
Bah! there's no wine like the blood's crimson!

And I love to see the sun rise blood-crimson.
And watch his spears through the dark clash
And it fills my heart with rejoicing
And pries wide my mouth with fast music
When I see him so scorn and defy peace
His lone might 'gainst all darkness opposing.

The man who fears war and squats opposing
My words for stour, hath no blood of crimson
But is fit only to rot in womanish peace
Far from where worth's won and the swords clash
For the death of such sluts I go rejoicing
Yea, I fill all the air with my music.

Papiols, Papiols, TO MUSIC!
There's no sound like to swords, swords opposing,
No cry like the battle's rejoicing
When our elbows and swords dip the crimson
And our charges 'gainst the "The Leopard's" rush clash.
May Goddamn forever all who cry "PEACE"
Hell blot black for always the thought "PEACE".

The Jews Gloat

Here is an editorial from a northern paper published by a Jew named Obermayer.

It is galling in the extreme to be forced to agree with these vile Jews, race-mixers and pro-Communist conspirators.

But anyone who stops to think will be forced to agree.

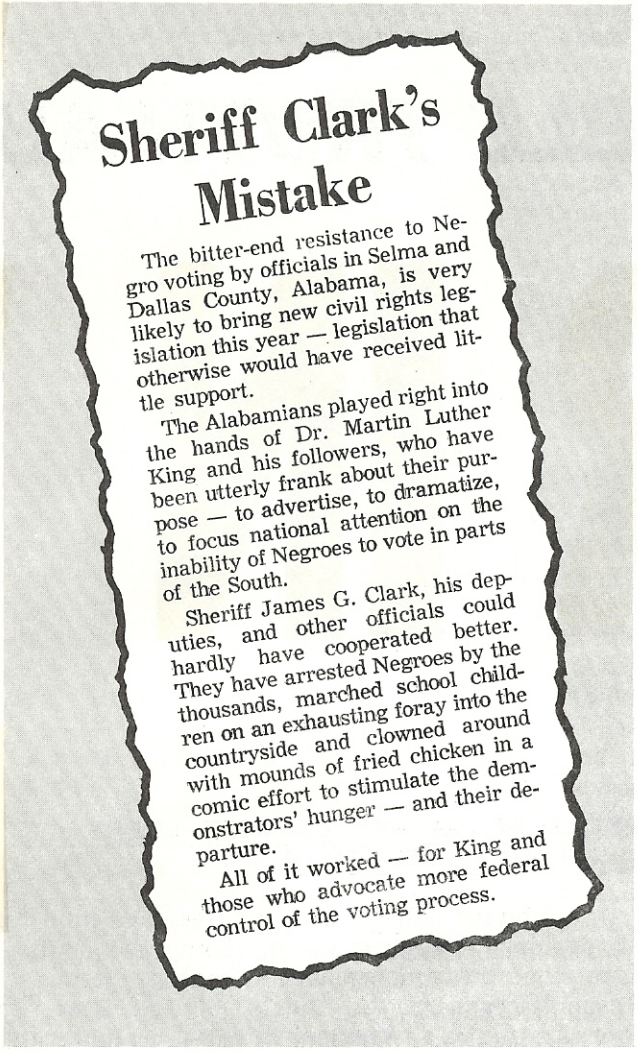
For the momentary satisfaction of beating in a nigger-Communist agitator's head or throwing a pile of them in jail (ineffectively), the short-sighted authorities in Selma did precisely what Martin Luther Coon and his scummy troops wanted.

And then these gentlemen, who have done more for Martin Luther Coon than the Jews themselves, have the nerve to preach that I am the "advance agent" for the likes of Martin Luther Coon!

Had they let these filthy niggers and Jews and Unitarian "ministers" parade around to their heart's content, but followed by black-faced comedians, monkey suits and everything else to make them laughing stocks (which they are), they would have whipped the day-lights out of Coon and his filthy gang.

Instead, these blind leaders threw me (and other White leaders working with us) in their jail!

Is it any wonder we are losing?



Sheriff Clark's Mistake

The bitter-end resistance to Negro voting by officials in Selma and Dallas County, Alabama, is very likely to bring new civil rights legislation this year — legislation that otherwise would have received little support.

The Alabamians played right into the hands of Dr. Martin Luther King and his followers, who have been utterly frank about their purpose — to advertise, to dramatize, to focus national attention on the inability of Negroes to vote in parts of the South.

Sheriff James G. Clark, his deputies, and other officials could hardly have cooperated better. They have arrested Negroes by the thousands, marched school children on an exhausting foray into the countryside and clowned around with mounds of fried chicken in a comic effort to stimulate the demonstrators' hunger — and their departure.

All of it worked — for King and those who advocate more federal control of the voting process.

Suicidal White Politics

Sometimes, when we get too close to a problem, it helps us see and understand better to "transfer" it to completely different imaginary circumstances.

What the Jews have been able to do to the White population of America is much easier to understand if we transpose it to Africa.

Let's take the nigger nation of Ghana and presume there is a White minority living there of 20%.

Now, let's presume further, that a very tiny minority of Swedes within the minority of White people manage to get control of all the newspapers, radio, TV, etc.

Suppose, further, that these clever Swedes could, with their control of newspapers, etc., manage to get the 80% nigger population of Ghana all excited about the issues of conservatism versus liberalism so that half of the niggers were "conservative" niggers while the other half would be "liberal" niggers.

Meanwhile, the same clever Swedes would be publishing special newspapers for the 20% White population of Ghana in which they would emphasize in every article and on every page the way the nigger majority was "oppressing" and "persecuting" the White minority. They would get the White citizens of Ghana thoroughly aroused, not as "liberals" or "conservatives", but as WHITE people.

The "conservative" niggers and the "liberal" niggers in Ghana would then divide into two "parties" so that every "liberal" nigger would cancel out one "conservative" nigger in every election. Thus, all the niggers, 80% of the entire population and the overwhelming majority, would completely cancel itself out in all elections.

THEREFORE, THE MASTERS OF GHANA WOULD BECOME THE 20% OF WHITE PEOPLE WHO VOTED BY RACE, RATHER THAN BY ANY SET OF PRINCIPLES!

AND THE TINY SWEDISH MINORITY WITHIN A MINORITY, WITH THEIR CONTROL OF THE PRESS AND THUS OF ALL FACTIONS, SINCE THEY CONTROLLED THE DETERMINING WHITE VOTE, WOULD CONTROL ALL OF GHANA.

Is there any among us so dull he cannot see that this is precisely what the Jews and Negroes have done to the enormous White Christian majority in the United States of America?

Even more to the point, how much longer are millions and millions of Americans going to play this sucker game for the benefit of Jews and Negroes?

On the day the vast White Christian majority of Americans unite on the basis of RACE, as the Jews and Negroes are united in voting blocs on the basis of RACE, we will once more be masters of our own destiny and the proud owners of the wealth produced by the hard work and genius of WHITE PEOPLE.

THE SHOCKING, UNBELIEVABLE TRUTH ABO

WAR IN V

As I dictate these lines, the "Committee for Non-Violent Action" is arrogantly and purposefully committing SEDITION all over the Pentagon, only a few blocks away. They have sent around an unspeakable leaflet boasting of how they will be arrested for their "speak-in" on the Pentagon steps and in the courtyard of the Pentagon itself!

But they won't be arrested for sedition, as they should be, since they openly announce their purpose of stopping our fighting men from fighting in Vietnam! If WE did this, you can be sure we would get the whole book thrown at us! But this is a bunch of filthy Communist JEWS, NIGGERS and unAmerican RATS. So they will be duly pinched on charges of not blowing their nose, etc, amidst millions of dollars worth of TV publicity, with Skunkly and Stinkly dutifully spreading their seditious propaganda.

MEANWHILE, thousands of American kids over in Vietnam are facing misery, maiming and death fighting the Communism these Pentagon invaders seek to protect!

But this is still not the full story of the unbelievable betrayal of the cowardly, demagogic politicians who are responsible for this treasonable madness and suicide for America!

As long as America risks ONE American kid in any kind of fighting, BY GOD THAT KID SHOULD BE BACKED UP WITH EVERY LAST OUNCE OF STRENGTH IN US!

Playing politics with the lives and limbs of our precious American youth, in my book, is far worse than treason, because at least sometimes, treason is based on the "ideals" of the traitor. But what is going on in Vietnam is pure, unadulterated POLITICS, for the benefit of the careers of the rotten demagogues who send our kids into combat WITHOUT THE WILL AND THE MEANS FOR VICTORY!

I faced this kind of hanky-panky in Iceland, when politicial decisions forced my men to stand guard with unloaded weapons, and many of them were beaten and their guns stolen by Commies!

Now, in Vietnam, our kids are facing the devilish yellow terrorists of the Viet Cong with their GUNS CHAINED TO THEIR BUNKS!

Don't believe it?

Here is most of the actual letter from one of our members who is in the Army stationed in Pleiku.

I would print it in the actual handwriting of the kid who wrote it, except for the probability that he would then be punished for telling the shocking truth!

UT THE

VIET NAM

"As far as propaganda talks, we don't get any! The only news we have from the outside world and what's going on here is from Radio Saigon, Radio Peking, a few issues of Time and Newsweek they sell in the PX and a small paper distributed to the troops (one is enclosed).

"Sir, during the attack of February 7, 1965, many people were running around without a weapon of any kind because they were told "none available". I myself was here a month (Pleiku) at Camp Holloway before I was issued a weapon. The other people who came with me didn't get one then because I got the only one. Myself and other new men stood guard with borrowed weapons or no weapons at all. (Who wants to lend their weapon) During the attack we had only nine guards on the post, some walking, some in neglected foxholes. It was a firm rule that our weapons had to be chained to our beds at all times, even at night. The first sergent even walked through our "hooches" taking weapons not chained! So in the dark and under mortar attack many who had weapons couldn't get them. They pulled their beds apart, pulled their rifles apart trying to get at their weapons. One I know was killed trying to find the right key to fit the lock! It was early in the morning and half the men were drunk. Some had staggered in from town (Pleiku), just fifteen minutes before the attack.

. . ." I heard McNamara say the reason the V.C. (Viet Cong) got so close with their mortars was because of dense undergrowth around the perimeter. You could take all the undergrowth around our compound put in one pile and you couldn't heat a can of "C" rations with it. The mortars were in a Montagnard village. Three days before the attack they were seen being carried in but they thought it was "Garbage"! Some of the E.M. (enlisted men) and officers were in town staying with their girl-friends all night. Curfew was * at 2430 (12:30 a.m.) while most of them came back to help. I heard one officer say "I just leaned back and watched the show"--leaned back with his whore that is. All the taxi boys knew we were going to get hit, and they wouldn't bring us back to camp for less than 400-500 piastras, usual rate, 10 piastras! The saloon girls in town kept telling all the G.I.s go back to Camp Holloway. The "hooch" maids, (girls who stay 8 o'clock to 4 to clean our living quarters) left early. I have also noticed G.I.s buying American weapons, (M-60's etc) in town from small shops in Pleiku! They have M-60's (7.62 machine guns) and I can't even get an M-14! A Special Forces Sergent I'm good friends with tells me they overran a VC compound and the VC were using 60 mm mortar ammo five years newer than the ammo they (U.S. troops) had! All was American ammo....

. . . ."Only God and the few people here know how lucky we are why the VC didn't overrun and kill everyone while people were drunk and running around with broken weapons and no weapons!"

"*P.S. I am now told that the "curfew" the night of the attack only applied to enlisted men, not E-7 and above (non-coms and officers)."

There are few things in this insane world which can make me mad, anymore. I am too used to treason and cowardice in our leaders as the normal course of events.

But when Americans are asked to risk their lives before the guns and mortars of Communists or anybody else, it makes me BOIL when they are denied the right to FIGHT, with everything they've got and any way necessary to win!

I would not hesitate one second to give the orders which would win that war in Viet Nam, in spite of the shibboleth of "world opinion".

The first good day when the wind was blowing north, I would send a blanket of GAS over the forests of Vietnam until every last, stinking red and yellow Communist RAT curled up and quivered his last. That's the ONLY way to deal with the murdering, terroristic KILLERS who are killing our kids over there!

Instead, our "leaders" CHAIN UP THE GUNS OF OUR KIDS, after they send them out there to face the terror in the night. Would to God I could gather up a platoon or a company of Congressmen, Senators voting "pinko", led by Lyndon Johnson, and send them out there to Viet Nam some night, and then CHAIN UP THEIR GUNS!

From Russia With HATE

More and more African (nigger) students are running home from Russia with their tails between their legs.

I am well aware that some short-sighted, segregationist politicians try to use things like this article against me, but I nevertheless consider it my duty to report that the millions and millions of White people in Russia, just like the White people everywhere else in the world, are fed up with niggers and nigger pushing.

As the Chinese Communists (colored men) continue to unite and organize the colored world against the White world, I again predict that Communism, as a major issue, will retreat before the overwhelming issue of RACE.

The split between Communist China and Soviet Russia is not a phony, as is the rigged-up performance with Tito, etc.

The Communists here in America can't make the White people love niggers. Neither can the same Jew-Communist manipulators make the White people of Russia love niggers--or colored Chinamen or any other kind of inferior peoples.

Whether they like it or not, the White peoples of the world are being DRIVEN together, regardless of other considerations.

A Lesson For Liberals

It should not be forgotten that it was a pro-Castro "Fair Play For Cuba" Communist who shot Kennedy. And yet, like a typical liberal, Kennedy was tireless in his efforts on behalf of Communism and especially Castro.

It should not be forgotten that he not only saved Communism in Cuba--and Castro--at the Bay of Pigs by withdrawing promised air support at the last moment, which caused the murder of large numbers of anti-Communist Cubans and encouraged millions of pro-Communist Latin Americans by Uncle Sam's sorry performance, but also it should be remembered that it was Kennedy who saved Castro, on April 18, 1961 from kidnapping and probable execution!

Few people know it, but Otto Skorzeny, the world famous Nazi Commando Leader, was all set with U. S. help, to kidnap Castro and deliver him to anti-Communist Cubans for trial and probable execution.

Skorzeny had already trained 47 top Commandos to seize Castro on a small, isolated island, in a forest, with only a small escort, while he was on an "inspection" of agricultural areas.

At the last moment, Jack Kennedy, like a typical liberal, canceled the operation, partly on the grounds it would bring glory to a henchman of Adolf Hitler!

And so Kennedy was shot by one of Castro's converts and devotees!

The same fate awaits our equally stupid and short-sighted American liberals who are helping Communism.

Filthy Footprints Of The Beasts

Most of the public and even many rightwingers have been taken in by the vicious book of lies and half-truths, "The Rise and Fall of the Third Reich".

William L. Shirer, the author, is a Jew who was disciplined by even such a pinko organization as CBS for his pro-Red views. When students in colleges hit me with some of the garbage from "The Rise and Fall of the Third Reich", I often respond by asking these students what they would think of a book about David Ben Gurion and Israel by George Lincoln Rockwell.

Sometimes they think this analogy is an exaggeration.

Herewith I reprint, photographically, the inside front cover of a vile and pro-Communist magazine called "Prevent World War III", published by the "Society for the Prevention of World War III".

Veteran rightwingers and anti-Communists will recognize a lot of the luminaries of the Communist left on the masthead of this vile magazine of "hate Germany" propaganda.

Almost all of them are Jews, and, predictably, almost all of them are either Communists or leftwing Jews.

Nestled in among Dean Alfange, Rex Stout, Isidore Lupschutz, James H. Sheldon (of the Non-Sectarian Anti-Nazi League and columnist for the Jewish Examiner), Rev. Birkhead (Gordon Hall's sidekick), Ben Hecht, Lewis Mumford, Louis Nizer, Christopher LaFarge and all the rest of such scum, you will find the name of William L. Shirer, the author of "The Rise and Fall of the Third Reich"!

Brandeis Honor Student Seized in Bronx Rapes

A 19-year-old scholarship student at Brandeis University was arraigned yesterday on charges oof raping two girls, 10 and 13 years old, on the roofs of Bronx housing projects.

The police said the student had confessed to raping or sexually assaulting about 30 young girlsJall blondes—during the past year and a half at housing projects in the Bronx and Manhattan.

The student was identified as Alfred L. Gonzague, of 461 E. 135th St., the Bronx. Gonzague was a track star at Benjamin Franklin High School, in East Harlem, and is a political science student at Brandeis, in Waltham, Mass.

Gonzague was charged with rape, sodomy, felonious assault, and violation sof the Sullivan Law. The last charge is for possession of a knife with a three-inch blade. Each of the girls assaulted was said to have been threatened with a knife.

He was held in $50,000 bail. "This comes about as close to a capital crime as is possible," Judge Bernard O'Connell told the defendant yesterday in Bronx Criminal Court. Gonzague's court-appointed lawyer, Jack Weiss, said that Gonzague had been "struck about the face" and that any statement he made to the police had been made involuntarily. A hearing was set for June 14.

Asst. District Attorney Alexander Scheer said that Gonzague had "very matter of factly and without any emotion related the assaults," but had refused to make any statement in the presence of a stenographer.

Gonzague was arrested Friday afternoon near the Castle Hill housing complex, in the Bronx, after the parents of one of the victims called the Housing Authority police and reported that the attacker was in the area.

Patrolman Anthony Polizzi stopped Gonzague as he was about to board a bus at Castle Hill and Randall Aves., because he seemed to fit the description of the attaker. That description was of a Negro about 5 feet, 11 inches tall who weighed about 170 pounds and wore horned-rim glasses and white sneakers.

The police said that Gonzague admitted deliberately choosing young blondes 10 to 13 years old for the assaults. They said that three of the girls had identified him. One of the girls is a 10-year-old who has been stricken speechless by the assault, they said.

Most of the attacks occurred in the Castle Hill, Bronx Dale, Soundview and Monroe developments, on weekends or holidays. In each case the attacker used a knife to force the girl to go to the roof and to submit tl his attack, the police said.

The police said that they also were questioning Gonzague about the series of strangulation murders of women in Boston. Gonzague has admitted visiting Boston about once a week during his school terms, they said.

Intelligence Note

Veteran ROCKWELL REPORTers will recall a series of letters I exchanged with a famous authoress named Taylor Caldwell, who hates Communism but LOVES Jews. She made some of the craziest statements in her letters blasting me it has ever been my misfortune to read. I printed stats of some of these jewels in the ROCKWELL REPORT back in 1961.

It was Miss "Caldwell" who has spread all over the rightwing the atrocious lie that my dear wife was a Communist!

Finally, I discovered the reason for the madness. She IS a conservative, but she's gotten herself in a bit of a fix--married to a JEW. Her real name is Mrs. Marcus Reback.

Buckley had a few "close ones" dealing with her, then she moved over to "help" Robert Welch at American Opinion, where I believe she is still on the masthead.

I suspect it was she who wrote the "Correction Please" article calling Edward Fields and the NSRP some kind of Red agents. The "Correction Please" section of American Opinion is in her own, super-female style of overdone sarcasm which pervades her letters to me like red pepper in ice cream. She even resorted to four-letter words in one letter to me.

Well now it develops that Mrs. Reback (alias Taylor Caldwell) is writing on the staff of that STERLING Jew, Ralph Ginzburg for his "FACT" magazine.

Ginsburg is currently out on appeal for publishing "Eros", a magazine of which I have stats showing a naked nigger front-to-front with a naked White girl --full length, full page in color!--among a lot of other things.

I wonder how Buckley and Welch feel about sharing this poor, mixed-up lady with the louse who sent out the Goldfink psychiatric questionaires?

Bombers- North & South

Whenever a coon church or other building is bombed or burned, the northern press has kittens all over the front page about it.

Recently, one "de facto" segregated school after another in Boston, Massachusetts, has been burned down by nigger arsonists.

Has it even been reported in YOUR paper?

The situation has gotten so bad in Boston that the gallant Mrs. Louise Hicks, the lady who refuses to bow to nigger threats up there, is now forced to carry a pistol to protect herself from the nigger hoods.

But so far, President Johnson has not gone on TV to make any statement about these outrages in Yankee Boston! And don't hold your breath until he does.

Criminal Negligence By Southern Politicians

The National Observer, a weekly newspaper, reported on March 8, 1965 that it had a copy of a document entitled "Project for Alabama" in which Martin Luther Coon and his gang have laid out in written form their plans for all the riots and hell-raising in Alabama and the rest of the South for this year.

Such a document is iron-clad, irrefutable LEGAL EVIDENCE of a conspiracy to incite riot and rebellion.

It is incredible that a newspaper could unearth such incriminating evidence, but no police department or investigative agency in the whole South could discover and produce such a document.

And with such a document, Mr. Coon and all the rest of the pro-Communist, hell-raising "leaders" like him could be quite easily indicted by grand juries, tried and convicted of the very serious crime of inciting riot and rebellion. This would put them away in penitentiaries for a long, long time.

The fact that this has not been done, regardless of excuses about the "Federal Government" should tell thinking White men a lot about the politicians, even the segregationists, in the South.

I think the lesson we must learn is that NO POLITICIAN can save us from what is going on. Every "politician" has gotten where he is mostly by COMPROMISE and is under obligation to literally hundreds of people who can destroy him if he renegs on various promises in these compromises.

Only a fighting man who rises in the midst of the people themselves can possibly have the independence and bold strength to do what must be done in spite of all the wealthy pressure groups, etc.

Is Mrs. Katzenbach A Negro?

Here is a photograph published in the Amarillo Globe Times of Lydia Katzenbach, wife of the Attorney General.

Readers will remember how staunchly I have held out against labeling Katzenbach a "Jew", when all the evidence points the other way. I think it discredits our cause when we tell stupid and easily disproved lies.

But this photograph, in my opinion, speaks for itself.

LYDIA KATZENBACH

Our Amarillo sleuths have also come up with the fact that Mrs. Katzenbach's aunt was Rose Pastor Stokes, a rabid Anarchist who died in the early 30's. Mrs. Katzenbach's aunt was one of the early Communists and radicals caught in the Bridgman, Michigan raid after World War I by Attorney General Palmer.

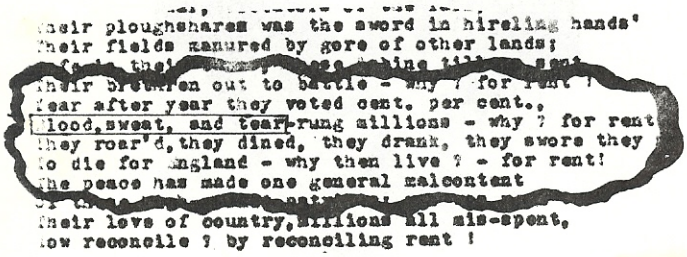
Instead of calling Katzenbach a "Jew", other rightwing organizations should, I believe, apply their research facilities to discovering further FACTS such as these, which clearly show why our Attorney General gets on his hands and knees to nigger demonstrators in the halls of the Justice Department.

Churchill, The Plagiarizer

The Jewish "Examiner" for April 29, 1965 contains an article hysterically screaming about the revival of Nazism.

One paragraph, a quotation from the speech of Josef Goebbels,, Nazi Propaganda Minister, in March of 1945, reveals the true originator of the phrase "Iron Curtain" for which Churchill is so highly praised.

As the American troops were ordered to halt to permit the Communist hordes to sweep into Berlin and over hundreds of thousands of square miles of Christian Germany. In March 1945, only days before Christian Germany was crushed, Goebbels said over the German radio, "Germany will rise again; America will rebuild her and rearm her. America will learn that only we Germans can stop the Bolshevik and Jewish hordes now sweeping into Europe from the East. Only Germany, with the help of the United States can lift the Iron Curtain"!



their ploughshares was the sword in hireling hands'
their fields manured by gore of other lands;
their brethren out to battle - why ? for rent !
Year after year they voted cent. per cent.,
Blood, sweat, and tear-drung millions - why ? for rent
they roar'd, they dined, they drank, they swore they
to die for England - why then live ? - for rent!
the peace has made one general malcontent
their love of country, millions all mis-spent,
how reconcile ? by reconciling rent !

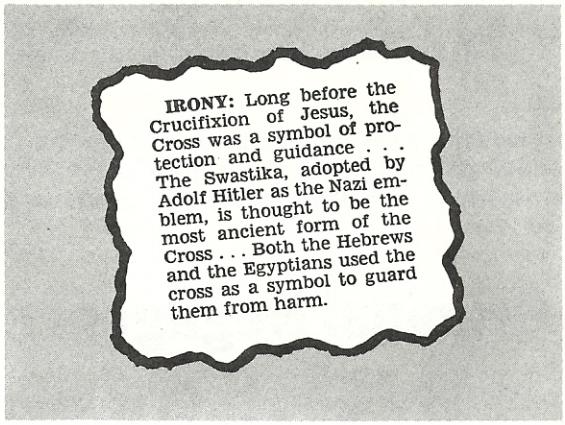
Here is another example of how this fat, drunken faker, Churchill, hornswoggled the world, with the help of Jewish drum-beaters, as a "great" man. Above is an excerpt from Canto XIV of "The Age of Bronze" by George Gordon Lord Byron (1788-1824)!

For Christian Nazi-Haters

The Jews have spread the vicious lie that the Nazis persecuted Catholics and Protestants, etc., because so many clerics in Germany, just as they are now doing here, were actually pushing Communism instead of preaching.

Unfortunately, many ignorant Christian conservatives in America have fallen for these Jewish lies and helped spread the garbage that the Swastika is anti-Christian.

Here is a little newspaper note which tells part of the truth, that the Swastika is actually a DYNAMIC cross, with the arms indicating motion forward.



IRONY: Long before the Crucifixion of Jesus, the Cross was a symbol of protection and guidance . . . The Swastika, adopted by Adolf Hitler as the Nazi emblem, is thought to be the most ancient form of the Cross . . . Both the Hebrews and the Egyptians used the cross as a symbol to guard them from harm.

Amazing!

In almost any grocery store, you can buy a package of what Kraft calls "Coon" cheese.

I am really amazed at this, since minstrel shows with blackface are now banned, Stepin Fetchit, the rather likable nigger comedian, has been canned, Amos and Andy have been "liberated" and integrated, and even the famous old Jew's Harp has been renamed the "Bruce" harp.

With all this love-mongering going on, I cannot understand how the NAACP has missed getting after Kraft for such "hate" and "bigotry" as peddling this "Coon" cheese.

Roy Wilkins take note.

Nazi Party Grows in U.S. By Leaps and Bounds

By KENNETH L. DIXON

WEST LAKE, La. — You don't hear much about it, but the American Nazi Party is growing by leaps and bounds, all across the country.

And it seems to be gaining strength for the same reasons that it did in Germany, back in the early 1930s.

One is that the nation has become so concerned by the Communist infiltration on its left flank that it is violating the ancient military principle and ignoring the Nazi infiltration on the right flank. In some instances, people have grown so frightened of the Communsit conspiracy that they actually have welcomed support of the Nazi party.

That happened in Germany. Otherwise, Hitler would never have risen to power.

The second reason is racial prejudices, tensions and fears. Hitler's chief target was the Jews in Germany. The American Nazi party's chief target is the Negro in this country.

As a result, almost every major city in the country has a Nazi party cell. Like the Communists, they represent only a tiny minority of the nation's citizenry, but their membership has been swelled recently by the extremism of last year's election campaign and the growing racial conflict

The frightening thing is that they're beginning to creep out of the woodwork and identify themselves as Nazis. The letters pour in whenever I write an article even faintly critical of the Nazis and their mass murder of millions.

One such letter lies in front of me now. It says in part:

"Your article is typical of those which condemn murder in the South by members of the Ku Klux Klan. . ."

He meant it as an insult, but I consider it a compliment. But that would not matter, except for one thing.

He recently ran for office in a major Southwestern city and, in a large field of candidates, received five percent of the vote. If you think that percentage too tiny to be important, then remember that Hitler had a much smaller following than that when he started his rise to power.

He proudly signed his name to the letter, but for reasons of libel I am advised not to print it. But the fact that he signed it, and openly identified himself as a Nazi — just 20 years after the last Nazi horror ended—is something hard to believe.

However, his letter remains on file for any doubters to see.

For those who think this is a minor trend, of no importance, a little history might be in order. Just in case you've forgotten. With a mere handful of followers, Hitler pulled his "Beer Hall putsch" in 1923 and went to prison when it failed. Yet 10 years later he was named Chancellor of Germany. But he still didn't have total control and the Nazis remained a minority party.

Less than a month later, the German Reichstag building in Berlin was destroyed by fire. Almost without exceptions, historians agree it was set by the Nazis, but Hitler managed to get a Dutch Communist leader, Marinus van der Lubbe, tried, convicted an.. beheaded.

His following mushroomed—partly out of fear and partly out of relief. Here is a man, the good Germans said, who knows how to handle these Communists!

They learned fast. The day after President von Mindenburg died, Hitler consolidated the offices of Chancellor and President, becoming der Fuehrer (Leader). His minority gang of Nazis controlled the country almost overnight, he abolished freedom of speech and assembly, confiscated property right and left, and started the mass murder of millions. . .

If anything is to be learned from history, it should be that today's Communism and Nazism are merely opposite sides of the same totalitarian coin—and whether it comes up heads or tails, it still is determined to destroy democracy.

And this time it could happen here.

In spite of lies and smears in this article, the enemy is FORCED to admit our GROWING STRENGTH!!
